

Piotr Cyklis

Academic degrees : prof. dr hab inż.

Position : professor

Engineering - technical field

Discipline Mechanical engineering

Academic qualifications:

<https://orcid.org/my-orcid?orcid=0000-0002-0188-1108>

Membership in professional and academic boards :

SIMP – NOT, Energies Reviewer Board

Academic merits :

More than 200 published papers, mostly in English. More than 700 reviews for scientific journals. Seven PhDs completed 4 currently in progress. Four doctorates were carried out in cooperation with industry as implementation doctorates. Number of works carried out for the industry regarding pressure pulsations, energy and fluid flow analyses, and designs of completed and working devices (in particular 5 evaporators for the production of a fruit juice concentrate working in several factories in Poland). A list of last publications may be found at:

<https://cris.pk.edu.pl/info/author/CUT94c0316471a74cab8a28a1fcc019c148?r=publication&ps=20&tab=publications&sort=&title=Profil%2Bosoby%2B%25E2%2580%2593%2BPiotr%2BCyklis%2B%25E2%2580%2593%2BPolitechnika%2BKrakowska&lang=pl&pn=1&qp=openAccess%3Dfalse>

Professional qualifications/language skills

Possibility to supervise doctoral theses in English.

Research field :

Thermodynamics, refrigeration, compressors, pressure pulsations attenuation, industrial evaporators, heat pumps, adsorption systems, carbon dioxide refrigeration.

Address

Cracow University of Technology,
Faculty of Mechanical Engineering
Address: Warszawska Str. 24
31-155 Krakow, Poland
phone . +48 12 6283551
e-mail : piotr.cyklis@pk.edu.pl
