

## Vitalii Naumov

**Academic degrees:** Dr.Sc.(Tech.), Ph.D., professor

**Position:** associate professor

**Engineering-technical field**

**Discipline:** Civil Engineering, Geodesy and Transport

### Academic qualifications:

- conducting classes at 2nd and 3rd degree studies
- promotion of master's and doctoral theses

### Membership in professional and academic boards:

-

### Academic merits:

- author of over 150 scientific publications, including 3 personal monographs
- participation in over 20 international research projects
- supervisor in 4 defended doctoral theses

### Professional qualifications/language skills:

- Polish, Ukrainian, Russian: native languages
- English: fluent in speech and writing

### Research field:

- development of software for transport systems' simulations
- use of artificial intelligence techniques in transportation studies
- development of software supporting decision-making in the management of transport systems
- optimization of technological systems in transport
- modern technologies of logistics service

### Address:

Cracow University of Technology, Faculty of Civil Engineering,  
Transport Systems Department  
Address: str. Warszawska 24  
31-155 Krakow  
phone: +48 12 374 30 83  
e-mail: [vitalii.naumov@pk.edu.pl](mailto:vitalii.naumov@pk.edu.pl)
